TEN OR MORE PERISH IN HOTEL HOLOCAUST

Women Jump From the Upper Floors--- Several Victims Unidentified.

Minneapolis, Minn., Jan. 10.—Ten and probably more are dead as a result of a fire which gutted the West Hotel, the largest between Chicago and San Francisco, this morning.

The fire started in the basement, and passed up the elevator shaft to the upper floors, where the guests were sleeping.

Many women were in the hotel and two jumped from the seventh floor and were killed.

The fire captain, John Heswin, was killed while attempting to rescue Mabel Larsen. She jumped from the fifth floor into his arms overbalancing him on a searing ladder and both were precipitated to death.

Wm. Davidson, 1, 3, consul to Manchuria, was overcome by smoke and his condition is serious.

Two brothers were found suffocated in a room on the fifth floor and a number of dead are yet unidentified.

Terrible scenes were enacted. An man jumped from the top and was instantly killed.

The fire was the greatest holocaust Minneapolis ever experienced. A 5 o'clock the flames were practically under control, but it is feared the death list will be increased.

Eighteen persons are so badly injured that it is believed they cannot recover.

Most of the dead and injured are victims of suffocation.

The property loss is estimated at a quarter of a million.

Thomas Somerville, of Springfield, Ohio, was one of the identified victims.

Nineteen Known Dead.

Haverstraw, N. Y., Jan. 10.—The work of searching the ruins for bodies beneath the clay mud of the landslide here Monday night continues, but so far without result.

Large mass of debris have been removed but no bodies. Nineteen are known to be dead, as the bodies are recovered. Members of the rescuing party are in constant danger of being swallowed up by the treacherous earth.

Duel Fatal to Both.

Durango, Colo., Jan. 10.—Sheriff

Thompson, of Laplat county, and Policeman Stensel, of this city, exchanged half a dozen shots with revolvers on Main street here and both were mortally wounded. Thompson died in a short time. There had existed a feud between the two since the late election when both were candidates for the office of sheriff.

Two Killed by Dynamite.

Crane, Mo., Jan. 10.—While laborers on the Missouri Pacific extension were throwing out dynamite the explosive caught fire. In attempting to save it one of the men kicked the dynamite and it exploded. William McNeal and Joe Kepow were killed and several others injured.

Policeman Registered Twice.

St. Louis, Jan. 10.—In the circuit court Policeman Peter Walsh, Jr., was found guilty of having registered in two precincts at the time of the general registration in September, 1904, and his punishment fixed at two years in the penitentiary.

Two Die in Dallas Fire.

Dallas, Texas, Jan. 10.—Fire yesterday partially destroyed the Knapp building, a three-story brick structure located in the center of the business district, entailing a loss of \$50,000. B. F. Millipson, a clerk, aged 20 years, was suffocated by the flames. H. F. Hadley, a printer, was fatally injured by jumping from the third floor. J. H. Minor, printer, was seriously injured by jumping.

Fire in Boston.

Boston, Jan. 10.—Fire in one of a group of five six-story brick warehouses owned by the factory building at the corner of Wormwood and A streets, South Boston, caused a loss of between \$125,000 and \$150,000 divided as follows:

The Railway Supply and Manufacturing company, dealers in cotton and wool, \$75,000.

The Hallett & Davis Piano company, \$30,000 to \$75,000.

The owners of the buildings, \$25,000.

All are insured.

LAST CHANCE

FOR SAVING ITALIAN WOMAN FROM GALLOWS.

The People Are Not Enthusiastic as They Think Murders Are Too Frequent.

Trenton, N. J., Jan. 10.—Mrs. Antoinette Tolla will not be hanged at Hackensack Friday. The court of pardons after considering the case today, decided to grant a reprieve.

The People Indifferent.

New York, Jan. 10.—Members of the Hackensack W. C. T. U., who hold services in the county jail at Hackensack, N. J., prepared an extra musical program for the benefit of Mrs. Antoinette Tolla, under sentence to be hanged Friday morning.

Mrs. Tolla and Mrs. Valentina, the condemned woman sat in Sheriff Mercer's office during the services. Jerry Rosa, who also is to be hanged Friday, remained in his cell near the singers. The services never seemed to interest him, but Mrs. Tolla and Mrs. Valentina were moved to tears, although they could not understand the words of the songs.

Jerry Rosa is beginning to lose courage. He can't understand why so much is being done to save Mrs. Tolla from the gallows while he is allowed to meet death with hardly a word of encouragement or sympathy. Very few call to see him.

The people of Hackensack are not expressing sympathy for Mrs. Tolla. The frequency of murders in Bergen county has cooled their ardor. The discovery on New Year's day of another murdered Italian, supposedly a victim of the "Black Hand," has caused many to say that some one must be hanged as an object lesson.

Van Hise, the hangman, will take Mrs. Tolla to the Hackensack

L. W. PRIOR SUICIDES

PROMINENT CLEVELAND FINANCIER ENDS HIS TROUBLES.

Following the Tragedy, His Firm, Badly Involved, Suspends Business.

Cleveland, O., Jan. 10.—The suspension of the brokerage firm of Denison & Co. is announced on the stock exchange today.

Leland W. Prior, a member of the firm, committed suicide yesterday afternoon. It is said the business of the firm is badly involved through bucking trades and the refusal of patrons to keep up margins on a falling market.

Stock Broker Suicides.

Cleveland, O., Jan. 10.—Leland W. Prior, one of the best known men in financial circles in Cleveland and junior member of the stock brokerage firm of Denison, Prior & Co., shot and killed himself in a room at the Hollenden hotel yesterday.

Prior went to the hotel on Monday afternoon. He did not leave the hotel between Monday afternoon and the time of his death. All this morning, according to the attaches of the hotel, he paced restlessly up and down the lobby. He appeared to be worrying about something.

Shortly after noon N. B. Hasbrouck of the firm, called to see Prior. They had a long talk. They sat in Prior's room and Hasbrouck evidently made efforts to rouse Prior from his nervousness.

Mr. Prior was about 45 years old, married and has two children. He was president of the Cleveland Stock Exchange. He was also a member of the New York Stock Exchange, as well as a member of the Chicago Stock Exchange and the Chicago

MR. R. E. ASHBROOK WILL MOVE OUT WEST

Has Sold His Insurance Business Here to Abram Weil Co.

Will Move to Nevada to Have Charge of Mining Properties Out There.

LATER GOES TO CALIFORNIA.

Abram Weil and Co., today purchased the insurance business of Mr. R. E. Ashbrook, the consideration being private.

The Weil agency is the largest in the city, and the Ashbrook agency was one of the oldest. Mr. Wallace Weil said he had taken over the Ashbrook business beginning with yesterday, but that special agents of the companies would have to come to the city to make the proper transfers.

The Ashbrook agency was founded in 1874 by J. T. Ashbrook, father of Mr. R. E. Ashbrook, and Mr. Ashbrook became associated with it the following year.

Mr. Ashbrook and some eastern and Paducah capitalists have organized a mining company to develop some gold claims in the Bullfrog district of Nevada, and Mr. Ashbrook will leave for Nevada to become actively connected with the management of the company and will make his home in Rhyolite, Nevada, the nearest town to the properties for some time, but ultimately he expects to locate in Los Angeles.

The company will be known as the Paducah-Bullfrog Gold Mining Co. It owns three claims aggregating 110 acres in the Bullfrog district, which it is now claimed is the richest gold fields in the country.

The details of the organization of the company are not ready for publication.

Mr. Richard Ashbrook, a brother of Mr. Ashbrook, and who has recently been in the office of the county clerk will go with Mr. Ashbrook to Nevada.

MANDATE HERE

In the Celebrated Shemwell Case From Marshall County.

Attorneys Oliver, Oliver & McTegor received a copy of a mandate from the state court of appeals today in the case of R. L. Shemwell, trustee, against J. C. McLeod, reversing the lower court. McLeod filed a petition in bankruptcy some time ago and his creditors claimed he owned a half interest in a flour mill at Birmingham, Marshall county, that should go in as an asset. George McLeod claimed that he owned the mill in entirety and the suit was brought to test the case. The lower court declared George McLeod the full owner, but the appellate court reversed it and also refused the petition for a new trial.

FRANCE CAN GET PLENTY OF TROUBLE

Germany is Said to Be Preparing for Battle.

Moroccan Crisis Indicates a More Serious State of Affairs Than Suspected.

THE KAISER IS PREPARED

London, Jan. 10.—The Moroccan situation continues to hold the center of the stage.

The latest is that England, France and Italy have decided to act in concert in the Algerian conference, as they are the three powers chiefly interested in North African affairs.

It is announced from Rome that Great Britain and Italy will back France in her demands for special concession in Morocco, while France in turn will join with Great Britain in bringing about the recognition of Italy's claims for preponderance of influence in Tripoli.

This combination would seem to indicate that Germany will have to be satisfied with whatever she may happen to be awarded by the conference. Judging by the day's developments, however, the kaiser has no intention of becoming an easy victim of the shrewd diplomats representing the powers in the combination.

The pamphlet on the Moroccan dispute published in Berlin today is an interesting document. It claims among other things that questionable methods were adopted by the French government in the effort to bring the Moors to terms.

Although the Berlin foreign office declares that warships are being sent to the Mediterranean it is intimated that troops are being quietly moved in the general direction of the French frontier, and this, taken in connection with the large order for freight cars recently placed by the German government, leads to the belief in army circles that Wilhelm is fully prepared to back up his demands by force if necessary.

Meanwhile France has the Venezuelan affair on her hands, and the announcement is made on good authority that the government has decided that Castro has had sufficient time to think the matter over and make suitable amends for the mistreatment of M. Taigny, and that unless satisfactory representation are forthcoming drastic action will be taken. In some circles the announcement is looked upon as an effort to divert attention from the Moroccan affair.

GEN. H. A. TYLER

Succeeds Dr. Kelley As Commander of Forrest's Cavalry Corps.

Hickman, Ky., Jan. 10.—Gen. H. A. Tyler of this place has been named to fill the vacancy caused by the resignation of Lieut. Gen. D. C. Kelley of Nashville as commander-in-chief of Forrest's cavalry corps, Confederate Veterans. He was at Memphis a few days ago for the purpose of reorganizing Forrest's command in West Tennessee and arranging for the meeting at the reunion to be held in New Orleans next summer. Dr. Kelley has held the post of commander-in-chief since 1895, but he found that his advancing years made the duties of the position too onerous, and he was not able to give the requisite attention to his duties as a minister. Gen. Tyler is one of the wealthiest and most prominent men in this county.

No Peaceful Solution.

SUPREME COURT WILL DECIDE IT

H. H. Rogers May Go to Jail for Reticence.

The Attorney General of Missouri to Take the Question to Highest New York Court.

AND IT COMES UP TODAY

New York, Jan. 10.—The question whether Henry H. Rogers can be compelled to tell Attorney General Hadley of Missouri, whether the Standard Oil company of New Jersey, owns or controls three oil companies which are selling oil in Missouri as separate companies, will be placed before the supreme court of New York today. All important questions which Rogers declined to answer by advice of counsel in the last three days of the hearing were presented to the supreme court today by counsel acting in behalf of Attorney General Hadley and the court was asked to order Rogers to show cause why he should not answer them. The court issued the order and it was served on William V. Howe, counsel for Rogers while the hearing was still in progress late today. Hadley said after consultation with counsel that he understood he would have to be represented by counsel in this argument but he hopes to get a few words before the court.

The questions in substance are:

"Does the Standard Oil company of New Jersey, either through itself or any other person or corporation, own, hold, or control a majority of the stock of the Waters-Pierce Oil company of Missouri, the Standard Oil Co. of Indiana, and the Republic Oil company of New York?"

No matter in what form the questions have been put Rogers declined to answer them.

INTERESTING FACTS.

For Nearly Every Man, Woman Or Child.

A short time ago we published an article recommending to our readers the new discovery for the cure of Dyspepsia, called Stuart's Dyspepsia Tablets, and the claim then made regarding the wonderful curative properties of the remedy have been abundantly sustained by the facts. People who were cautious about trying new remedies advertised in the newspapers and were finally induced to give Stuart's Dyspepsia Tablets a trial were surprised and delighted at the results. In many cases a single package costing but 50 cents at any drug store made a complete cure and in every instance the most beneficial results were reported. From a hundred or more received we have space to publish only a few of the latest but assure our readers we receive so many commendatory letters that we shall publish each week a fresh list of genuine, unsolicited testimonials and never publish the same one twice.

From James Yemmelser, La-Crosse, Wis.: Stuart's Dyspepsia Tablets are doing me more good than anything I ever tried and I was so pleased at results that I gave away several boxes to my friends who have also had the same benefits.

From Jacob Anthony, Portmurray, New Jersey: I have taken Stuart's Dyspepsia Tablets with the best results. I had Dyspepsia for six years, and had taken a great deal of medicine, but the Tablets seem to take right in hold and I feel good. I am a farmer and lime burner and I heartily recommend to everyone who has any trouble with his stomach to use these Tablets.

From Mrs. M. K. West, Preston, Minn.: I have received surprisingly good effects from using Stuart's Dyspepsia Tablets. I gave one-half of my last box to a friend who also suffered from indigestion and she had the same good results.

From Mrs. Agnes K. Ralston, Cadillac, Mich.: I have been taking Stuart's Dyspepsia Tablets and I am very much better, and feel very grateful for the great benefit I have received in so short a time.

Stuart's Dyspepsia Tablets are a certain cure for all forms of indigestion. They are not claimed to be a cure-all, but are prepared for stomach troubles only, and physicians and druggists everywhere recommend them to all persons suffering from Nervous Dyspepsia, sour or acid stomach, heartburn, bloating or wind on stomach and similar disorders.

appeared so successfully for a time. The cast supporting the Countess is one of exceptional merit and is composed of clever people. The chorus is large and most adequate and belongs to the beauty class. The several members were chosen for their fitness to sing and dance and to perform accurately and cleverly the many evolutions required of it. In every way the piece is one of the best now before the public and up to the present time has pleased immensely wherever it has been presented.

There can be no question of the popularity of many theatrical stars with the American public, and in fact the star system as it is called must also be very popular for the making of stars there is no end, and they would not continue to appear unless there was a public demand for them. It is nevertheless a fact that many of the most successful plays are those that were not written for a star. Thomas Dixon, Jr.'s, great play, "The Clansman," is of the latter class. So important and strong-drawn are the important characters that it would be impossible to find a star role. As George H. Brennan has engaged a splendid Metropolitan cast the result is one of the best rounded performances ever given to the public. "The Clansman" will be the attraction at the Kentucky on Friday night.

Thoroughly captivating is a fair tribute to pay to "San Toy," the Chinese English musical opera which is to appear in this city. It is rich in Oriental color, tuneful, and varied music, and comedy situations which are distinctly picturesque and novel. The company is now enjoying its fourth successful year. Besides the cast of well-known principals there is a chorus of beauties that have been carefully selected from the many New York musical colleges. The company will appear here on Saturday, opening with a special matinee.

QUARRAL OVER \$1

CAUSES ARREST OF PENNSYLVANIA MAN FOR CARRYING PISTOL.

Fined \$25 and Sentenced to Ten Days in County Jail, and Took An Appeal.

J. Kleinfelter, claiming to be an officer from Pittsburgh, Pa., was fined \$25 and costs and sentenced to ten days in jail this morning on the charge of carrying a concealed weapon.

Yesterday afternoon he secured a hack from the Palmer Transfer Co., and rode from the Longmarch hotel to Elizabeth street. He got out on Elizabeth street and remained nearly an hour, it is said. When he returned he asked to be driven to the depot to catch the 7 o'clock train to Cairo. The cabman drove him to his destination and started to collect \$1 for the ride, Kleinfelter having used the carriage over an hour. He was accompanied by a companion and the cabman claimed to have fixed a minimum rate which the man refused to pay.

When arrested at the instance of the transfer people, a big pistol was found on him and he was taken to the hull but gave a bond of \$75 cash.

In police court this morning the fine with the jail sentence was assessed and Kleinfelter took an appeal on the jail sentence. He claimed to be an officer and had a fine pair of handcuffs and a pistol on him.

An officer has no right to go about armed except in the actual discharge of duty, outside of his jurisdiction, which in some cases does not extend beyond the city, in others beyond the county, and in others outside the state. Kleinfelter would have had no more right to carry a pistol concealed, had he been an officer, than a private citizen, unless he had been in charge of a prisoner.

RIVER NEWS

The river only rose 0.3 of a foot since yesterday and the rise is about over. The gauge today registered 25.6 feet.

Business in river circles has been dull all week. The packets are making their regular trips with a fair amount of business, but the towboats are having dull times on account of the hard time the people are having in getting cars to ship their product.

The river is clear of ice, and there has been none in the waters this winter, which is something out of the ordinary. At this time last year we had had a good deal of cold weather and river traffic had suffered on that account.

The Butteroff arrived from Clarksville and got away at noon today for Nashville.

The Clyde leaves tonight at 6 o'clock for Waterloo, Ala.

The Victor, with a tow of corn and coal left for White river today.

The Rees Lee left Memphis for Cincinnati and way points yesterday.

The Dick Fowler left today for Cairo on time. She went up the river to meet the Joe Fowler which has a number of passengers and some live stock for the lower river points.

The Joe Fowler was the Evansville packet today.

The Nellie Willett, Captain Willett in command, came out of the Tennessee with a tow of lumber today.

The steamer Penguin has officially passed from the ownership of Daniel Flinn, of Paducah, to Captain Chas. McNutt, of Grandview, Ind. The papers were filed Monday afternoon in the office of Capt. Frank Posey, surveyor of the local port.—Evansville Journal-News.

The steamer Electra, which will succeed the Richardson in the Evansville trade, is now one of the handsomest boats in the Ryman service. She has been thoroughly renovated, equipped with a new set of boilers, new wheel, new pipes, etc., and is as trim a little craft as one may see on the river. The steamer Richardson arrived this afternoon from the Evansville trade, and will tie up and undergo repairs preparatory to leaving for St. Louis, where she will enter the St. Louis-Hamburg trade, about the first of March. Tomorrow afternoon the Electra will take the Richardson's place in the Evansville trade.—Nashville Banner.

boats in the Louisville and St. Louis trade.—Courier-Journal.

The toyboat Vivian, purchased by Capt. Ed. Schuchbaum for the Otto Marmet Coal and Mining Co., has been rebuilt at the Raymond dry docks. She was launched last week and is waiting for two new fine boilers that are being shipped from Galipolis. She will be the finest and best little towboat on the Kanawha river when completed.

The Nugents are getting up the plans and specifications for the building of a combined steel hull towboat and sand and gravel dredge. It will be a novel craft and one that will prove a great benefit to their business.

It has snowed along the Ohio Valley from here to Pittsburgh, and if it goes off with a rain a big river may be looking for a result.

According to some of the old rivermen the prospects are bright for an open winter. They base their belief on the fact that there has not been any ice in the river this winter. The officials of the packet companies look forward to open navigation in winter.

The Eagle packet company has not yet selected a name for its new boat now being built at Jeffersonville, Ind. It is expected to be finished about May 1, and will run in the St. Louis, Alton and Grafton trade. The machinery is being built by the St. Louis Iron and Machine works and the boilers by Rohan & Sons, both of

An Evansville dispatch says: Though notice has not officially been given out from the head office of the Louisville & Evansville line of steamers at Louisville, Ky., it is now a fact that the Tarascon, now running in the Louisville & Evansville trade, will be put in the old Cannellton & Evansville trade, which was last catered to by the ill-fated J. W. Thompson. The Tarascon will make her first trip in her new trade within a week or ten days. It is the intention to give one boat a day in the Cannellton trade and if the Tarascon cannot make daily trips, the Tell City, which is a much faster boat, will be put in her place. When the Tarascon leaves her old run between Louisville and Evansville the famous side-wheeler, Morning Star, will be cut loose from her anchorage at Louisville, where she has lain idle for almost a year, and will resume her former trade between this port and Louisville.

An Evansville dispatch of Monday says: Today the steamer Chaparrone went through Mammoth Cave from Bowling Green, Ky., the first passenger steamer to extend a trip that far on Green river. The recent completion of government lock No. 6 on the upper river gave through navigation to the cave.

CIVIL SERVICE.

Many Important Examinations Are to Be Held Soon.

The civil service commission announces that an examination will be held at Louisville, Lexington and Paducah, on January 21, to secure eligibles from which to make certification to fill a vacancy in the position of ink chemist and ink mucker at a salary of \$2,000 per year, in the bureau of engraving and printing, and in any other vacancies that may occur in any branch of the service requiring similar qualifications. The person appointed to this position will be superintendent of the ink making division of the bureau of engraving and printing, and as such, will have charge of the ink making machinery and of the employees forming the operative force of that division. It is therefore necessary that he should have sufficient executive ability to properly direct this work. He should have a knowledge of chemistry, especially of pigments, oils, and varnishes, which should include a knowledge of their constituents and methods of manufacture, in order that he may detect adulterants and impurities which result from imperfect manufacture. He should be able to prepare formulae for all kinds of printing inks, so as to match any desired color with due regard for permanency of color and the avoidance of the use of materials chemically incompatible.

On the same date an examination will be held at the same places to secure eligibles from which to fill a vacancy in the position of laboratory assistant, qualified in practical optics and skilled in such work as glass grinding and lens making, at a salary of \$1,000 per year in the bureau of standards. All applicants must be graduates from colleges or technical schools, and the age limit is from 20 to 35 years.

FORGERY CASE

MAY DEVELOP FROM CHARGES AGAINST COLORED PROFESSOR.

Woman Denies Signing Charge Against Prof. E. W. Benton, of Lincoln School.

The public school authorities believe that a solution has been found to a troublesome problem. Several years ago one Prof. George Washington Tanner was a principal in the colored schools here. He had various kinds of trouble, and finally the schools severed connection with him, and he went elsewhere. Recently he returned to Paducah, and it is alleged began for some reason trying to annoy Prof. E. W. Benton, his successor, who for several years has been a principal at the Lincoln colored school. Recently charges said to have been prepared by Tanner were filed in the board of education against Prof. Benton, alleging that he, Benton, had unmercifully beaten a child. Prof. Benton was exonerated by the board.

The mother of the child apparently signed the complaint, but it is now alleged that Prof. Benton has an affidavit that she did not sign it and that her name was signed to it without authority, and that the person who signed it committed forgery.

Last night at the board of education meeting, Prof. Benton asked the board for permission to use the papers filed against him by Tanner. In court, and it is understood that a prosecution will be instituted against Tanner for alleged forgery. The board granted the necessary permission to Prof. Benton to use the papers, and developments are expected at once.

GLASS REMOVED.

It Had Been Embedded in Mrs. Winfrey's Hand a Year.

Dr. D. T. Stuart, and assisting physicians, yesterday performed an operation on Mrs. Albert Winfrey, wife of the well-known C. C. switchman, and removed a piece of glass from the left hand which had been embedded in the flesh for more than a year.

Mrs. Winfrey was washing windows at her home more than a year ago when a pane of glass was broken and her hand cut. A sliver of glass half an inch long, triangular form, went into the flesh, but she did not know it. The wound healed but gave her a great deal of pain and finally began making a sore again. The doctors were called in and decided that an operation was necessary and the glass was removed yesterday.

MR. E. W. SMITH HAS FINE PROPERTY

Owens One of the Finest Apartment Houses in Los Angeles.

Also Has a Building in New Venice, and is Doing Well in California.

MANY PADUCAHANS ARE THERE

Mr. R. E. Ashbrook, who returned a few days ago from Los Angeles and other California points, says the Paducah people in California are doing splendidly. He says Mr. E. W. Smith has been very successful in some investments he has made, and is enthusiastic over the city and California.

Mr. Smith has an apartment house on one of the most prominent corners in Los Angeles which contains over 300 rooms, and some of the apartments of three rooms and a kitchen rent for \$135 a month. It is only three blocks from the most prominent corner in the city which accounts for the high rental. The building is erected on a hill, and part of the structure is seven stories high while other parts are only two stories. Mr. Smith also owns a building in New Venice, a resort twelve miles from Los Angeles which the promoters are trying to make into a miniature of the Italian city. The ground floor of the building is an arcade owned by Mr. Smith and managed by his son, Walter. The upper stories of the building are apartments for excursionists.

Mr. Ashbrook saw Mr. E. B. Jones, Miss Bettie Smith, daughter of Dr. J. D. Smith, and Ben Hyng and they all are doing well. Mr. E. F. Byng, who was in the lumber business for years in Paducah, is on an olive farm in Southern California.

"A new comer to Los Angeles can but think the people are wild or crazy or something of that nature," said Mr. Ashbrook, "from the prices they ask for real estate, but if you investigate the conditions you will find they justify it. Mr. Smith showed me one piece of property that sold last spring for \$65,000, and today is held at \$100,000 and on all sides you will see the same thing. The city is growing very rapidly, and has over 200,000 people. It is interesting in the extreme and is destined for a still greater growth and improvement. It is, as you have always heard, a beautiful place. You can stay out doors every day, the climate is mild and the sun shining nearly all the time." Mr. Ashbrook left his wife out there, and says she is doing nicely.

HEAVY PENALTIES MAY BE ADOPTED

For Robbery and House Breaking by State Legislature.

Senator Campbell's Bills Wanted by the Commercial Club, Are Introduced.

OTHER NEWS OF LEGISLATURE.

Frankfort, Ky., Jan. 10.—Bills introduced so far indicate the determined intention of the legislature to correct many evils, especially in reference to the carrying of concealed and deadly weapons, and to the offense of larceny and robbery.

The most stringent bill so far introduced is one by Senator Albert H. Chynlton, of Louisville, inflicting more rigorous penalties for robbery and larceny crimes. His bill was suggested by a conference he recently had with Capt. Thomas Maher, of the Louisville detective department. He increases the minimum limit for larceny and robbery charges from one year in the penitentiary to five years, and the maximum limit from twenty-one years to fifty years.

His bill makes the crime of breaking into a house and assaulting any occupant a crime punishable with death or life imprisonment. There are only three capital crimes now on the statute books. The only objection which will likely be offered to it will be the probable difficulty of securing convictions under such rigorous laws.

Senator Campbell, in accordance with the general spirit of the Commercial club, introduced bills authorizing fiscal courts to advertise their resources to attract immigration. This same privilege, under another bill which he introduced, is granted to councils of cities of the second-class.

Senator Bennett, republican, introduced a bill to abolish the registration certificate, so many thousands of which, it is alleged, were bought and sold in the recent election in Louisville.

From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." LONG DEMENTH BEGINS.

Mayfield Beer Houses Close Following Appellate Court Decision.

The wholesale beer houses of Cook and Lemp brewery companies, which have been operating just outside the city limits, have ceased business and the doors closed to all customers, says the Mayfield Messenger.

The case is a recent decision of the court of appeals in which it decided that none but manufacturer himself could sell beer in a local-option district or county. In the election last fall both precincts where the beer houses were located voted "dry," and hence the houses are knocked out of further business.

NEW HILLS AFFECTING CITY.

Several of the bills agreed on at the conference a few weeks ago of second-class cities have been introduced in the state legislature, and are of great importance to Paducah and other cities of the second-class.

The Lexington Herald, says of some of the bills:

"An act of importance which will be of great benefit is one giving the general council power to have pavements and sidewalks constructed, as well as reconstructed, without a petition from the owners of a majority of the front feet of the property affected but at their expense. Now it is necessary for the owners of a majority of the front feet of the abutting property to petition for the original construction of a pavement or sidewalk. Due to this there are sections of the city where neither the streets nor the sidewalks have ever been constructed. Mud holes and mud sidewalks disgrace a large part of the town, and it is only right that the council should have the power to have constructed, as it now has the power to have reconstructed, the streets and the sidewalks and make them uniform throughout the city.

"Another act of very great importance to Lexington which is being prepared and will be introduced this week is an act authorizing the council to create a board of park commissioners, to be appointed by the mayor. It is a fact, the general recognition of which will be of value, that Lexington's future depends more upon her educational advantages and the attractions she offers as a residential city than upon any other conditions. * * * If we will bend our energies to improve our educational system, including the public schools and make of our city a more beautiful, a more healthful, a more attractive city for residences, we shall do the best we can for the city. The bill providing for the board of park commissioners is drawn along the same lines as the act governing the parks of Louisville."

SOUTHERN FARM VALUES.

A trade publication in Baltimore gives six pages of letters from business men in the southern states, in which it is claimed that the value of lands in that part of the country has advanced from 50 to 150 per cent. In two years, says the Globe Democrat, the gain in farm values since 1903 is placed at not less than \$1,000,000,000. Southern farmers have been co-operating to a greater extent in handling and marketing cotton and tobacco. They have also made some advance in the diversification of crops. In the last six years the cotton raised, including seed, has sold for \$3,600,000,000, against \$2,190,000,000 from the same source in the preceding six years. Here is an in-

crease of \$1,400,000,000 from a single product.

Virginia is improving its agriculture and employing more scientific methods to redeem lands whose fertility is impaired. Seven South Carolina banks report farmers' deposits amounting to \$1,000,000, a ninefold increase since 1895. Lands throughout the central south are held at higher prices, though they are still comparatively low. The southwest, as the country is well aware, is booming. Its ratio of growth has headed the list for years. East of the Mississippi the southern states are sending in favorable business reports. They take high rank in climate and other national resources. Their hardwood forests are the finest that remain in the country. Their politics would squelch prosperity if it prevailed in the nation, and so many southerners have quit voting that they probably think so themselves, though unwilling to acknowledge it.

IS TREADING ON DANGEROUS GROUND.

It is reported on apparently good authority that certain Democratic politicians are trying to impress on the board of city supervisors that it will never do to raise the property assessment in such a way as to enable the Republican legislative boards to reduce the tax rate. It is not believed, from the standing of the members of this board, that such a contemptible suggestion will have any effect, but it is not at all unreasonable to presume that reports about these Democratic politicians are true, for there are some of them who would stop at nothing, as in the recent episode on the occasion of the general council's election of city officers.

The general public cares nothing about politics nor about which side is in office, but it does want a reasonable valuation placed on property in assessing it for taxation, and a reasonable tax rate.

There is now a move on foot to employ a reliable man to go over the city tax books and prepare a list of the most valuable property in Paducah, showing what it sold for or what has been refused for it, and at what it is assessed and at what it has been assessed for several years back.

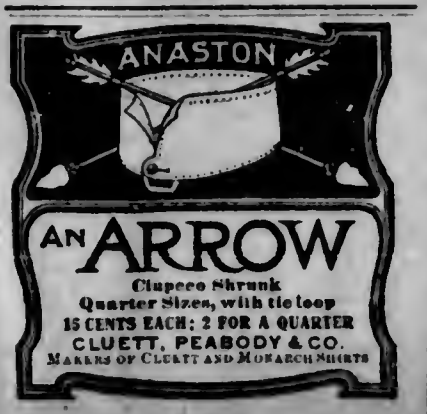

It may be depended on that the general public would be astounded at the gross underassessment of some of the most valuable property.

President Roosevelt thinks the canal work is all right, and denounces as false many of the reports started for various reasons about the canal. He said in his communication to congress Monday: "Every specific charge relating to jobbery, to immorality or to inefficiency, from whatever source it has come, has been immediately investigated, and in no single instance have the statements of these sensation mongers and the interested complainants behind them proved true. Any attempt to cut down the salaries of the officials of the Isthmian canal commission or of their subordinates who are doing important work would be ruinous from the standpoint of accomplishing the work effectively. Men fit for the work will not undertake it unless they are well paid. In the end, the men who do undertake it will be left to seek other employment, with, as their chief reward, the reputation they achieve. Their work is infinitely more difficult than any private work, both because of the peculiar conditions of the tropical land in which it is laid and because it is impossible to free them from the peculiar limitations inseparably connected with government employment."

The Owensboro Messenger says: "The general council of Paducah is increasing the license of loan sharks from \$25 to \$250 per annum did a laudable thing, but it would have been even better to have forbidden them to do business in the community at any price. This 'industry' has grown up in the cities and towns of Kentucky the past few years in a most abusive form. Poor people are tempted to borrow money at most exorbitant rates and are often required to pay in interest many times the amount of the original loan. The business should be either limited to reasonable charges of interest or prohibited altogether. It is most demoralizing to the wage-earning classes."

DEFICIT IS SHOWN IN PRISON REPORT

The Commissioners Commend the Parole Law.

Improvements of \$20,000 Recommended At Frankfort and \$5,000 At Eddyville for Year.

THE EXACT FIGURES OF LOSSES.

Frankfort, Ky., Jan. 10.—The report of the state board of prison commissioners has been compiled by Secretary Joseph Barlow.

The report shows that the highest number of prisoners enrolled at the Frankfort penitentiary during the year was 1358 and at Eddyville 667, and the largest number of women was 70.

Regarding the paroles of the prisoners during the year the report says:

"During the current year 44 paroles have been granted, making a total of 304 since September 16, 1900, when the parole law went into effect."

The reports from a large number of men on parole are most favorable, many of them making excellent citizens and restoring to ruined homes the comforts of life taken away by their wrongdoing. The board recommends that the parole law be amended so that paroles be perpetual, and that the limit of the law controlling the eligibility of a lifetime prisoner be made ten years. The two year sentence and under should not be eligible to parole and the paroled convicts should not be allowed to leave the state, but must remain within the jurisdiction of the board. That paroled convicts be required to report January 1 and July 1 of each year; that the sentence of 'attempted rape' be made ineligible to parole, the same as 'rape.'"

The commissioners recommend an appropriation of \$20,000 for the erection and equipment of a new hospital at the Frankfort prison with consumptive wards, and \$5,000 for the improvement of the hospital at Eddyville and the construction of consumptive wards.

The report from the Frankfort penitentiary shows a net profit of \$2,179.41, taking credit as heretofore for permanent and fixed improvements amounting to \$6,722.73. The branch penitentiary at Eddyville shows a net deficit of \$8,156.16, taking credit as heretofore for permanent and fixed improvements aggregating \$8,695.00.

This shows a net deficit for the two prisons of \$5,976.75. While this deficit is somewhat disappointing, it is accounted for in the increased salaries of the guards by the act of the legislature of 1904 and by the large increased price for all articles of aliment and almost all articles of food.

TROUBLE IN SIGHT.

Because of the Importation of Negro Miners.

Sturgis, Ky., Jan. 10.—The West Kentucky Coal company began yesterday to import negro mine workers from Hopkins county to take the places of striking union miners, and the bringing of this class of labor in here, which is an innovation never attempted before by other operators, is creating somewhat of a sensation, especially during the present crisis of labor troubles.

The plant has been operating under many drawbacks since the beginning of the strike, but Supt. Chas. Beecher seems confident that he will have sufficient nonunion labor soon to produce the capacity output of the shaft.

MUCH FORGED STOCK BEING UNCOVERED

N. & W. Certificates of No Value Scattered Far and Wide.

Said to Be the Biggest Swindle Exposed in Many Years in This Country.

THE EXTENT IS NOT KNOWN

New York, Jan. 10.—The Norfolk and Western stock forgery, which on Saturday was supposed to be a piece of ordinary crookedness in the financial world developed today in what probably is one of the most gigantic swindles of the age. The immensity of the fraud became known despite the most stringent efforts to conceal it, and Wall street stood aghast at the knowledge of the crime that in all probability has netted its perpetrator millions of dollars, and that has worked false paper into the strong boxes of nobody, knows how many banks and trust companies that even now do not know that the "securities" on which they advanced money are forgeries.

A report that the forgeries are the work of a master forger, whose body is supposed to be resting in a Boston cemetery, but concerning whose death there has been always great question, gained credence in the street. The Plakertons would not deny that they were working upon the theory, and the grave of the supposed dead man may be invaded.

Instead of there being only a few hundred shares of the counterfeit stock afloat it is likely to run into many thousands of shares. Shares have been traced through the hands of several brokers in New York, Philadelphia, Boston, Cleveland, Cincinnati and Pittsburg. The New York stock exchange and the officers of the railroad company began today a detailed investigation in order to find all the counterfeit stock.

The New York Stock Exchange has requested that banking houses throughout the country examine their holdings to ascertain if there are any fraudulent Norfolk & Western certificates among them. Returns from this examination will take some days, it is expected.

Information tends, it is said, to show that the certificate originated in Pittsburg. The certificate appears to have been started there on a journey which took it through brokerage concerns in Cleveland and Boston to this city.

According to the Guaranty Trust company officials, the transfer agents, it is the first successful attempt at counterfeiting a certificate made with all the skill of the expert manufacturers of securities since the early 80s.

Behind the plot, those acquainted with all the facts firmly believe, there will eventually be found a group of persons equipped with money and ingenuity. At least one of these persons was an expert lithographer. Another member of the group, they believe, was a man conversant with the New York Stock Exchange, and still a third person was one of sufficient respectability and means to negotiate with brokers.

That a group so constituted should stop after successfully negotiating one certificate, according to those concerned in running the thing down, is beyond belief.

As no attempt has been made to sell the stock, but as it has been put up by the swindlers as collateral for loans or for the purchase of genuine stock, it will be necessary, in order to search out the extent of the fraud, to have every bank and trust company in the United States open its loan envelopes and scrutinize every certificate of Norfolk and Western stock. As there are \$65,000,000 par of the genuine stock afloat, the magnitude of this task becomes evident. There are hints of one trust company alone which has nearly \$500,000 of Norfolk and Western stock in one loan, much of it supposed to be of the spurious stuff.

SIXTY BAPTIZED.

Immense Throng Witness Ordinance Near Greenfield, Tenn.

Greenfield, Tenn., Jan. 10.—Never in the history of Weakley county did such a baptism by immersion take place in mid-winter as on Sunday in Allen's pond. Elder L. D. Summers, pastor of the Missionary Baptist church, has received within two months over 75 new members and about 60 of them by baptism. Sunday over 2,000 witnessed the ordinance of baptism at Allen's pond. Dr. T. P. Hale, president of the Southwestern Baptist University at Jackson, was present, and delivered an address on the subject of "Baptism." As this took place in mid-winter it drew a large crowd.

SCHOOL BOARD TO ASK CITY FOR \$40,000

This With \$20,000 From State
May Be Enough.

Board of Education Did Not Settle
Two Questions Before It
Last Night.

BUDGET ORDERED REPAIRED

The board of education held a called meeting last night and decided that about \$60,000 would be required to run the schools this year. Estimating that the state will pay the city \$20,000 this year, it leaves \$40,000 to be provided by the city. The amount the state pays the city will depend on the school census which is taken every year. It is started in April, and on the number of children of school age enrolled, depends the amount paid by the state.

The school board will now have to prepare its annual budget and show the legislative boards how much money is needed. When the total assessment of city property is established by the city supervisors, the general council can determine what levy will be required to raise the school funds, but it will doubtless be the maximum allowed by the charter, 35 cents on the \$100. If the valuation of property is such that 35 cents will not raise \$40,000, the schools must do without. If the \$40,000 can be raised with a less levy than 35 cents the board does not have to make a 35 cent levy.

The finance committee, Trustees List, Karnes and Troutman, was instructed last night to prepare the budget for presentation to the legislative boards.

The question of allowing children not residents of the schools, to attend the schools here without paying tuition was referred to a committee composed of Trustees Williamson, Pitcher and List.

Further time was granted Trustees List, Morris and Pelter to report on the eligibility of Mr. Will Byrd, who is a deputy county clerk.

GOOD PRICES.

Brought By Sale of Graves County Tobacco.

The Association in its sale to the Italian government recently of over 300 hogsheds, received fair prices for their tobacco, says the Mayfield Messenger.

Below are the results of the sale:

No. Hhds.	Price per Hhd.
1	6.00
26	6.50
14	6.75
51	7.00
15	7.25
40	7.50
9	7.75
56	8.00
8	8.25
35	8.50
1	8.75
33	9.00
7	9.50
3	10.00
1	11.00

In this lot of over 300 hogsheds the general average was \$7.85 per hundred. We were informed by Mr. W. A. Usher that Monday morning a sale was made of 32 hogsheds of lugs at prices ranging from \$4.75 to \$5.50, making an average for the lot of \$5.00 per hundred.

Again the leaf that is mentioned above which has been sold at an average of \$7.85, would have been sold on this market at from \$3 to \$5.50 if the farmers had not rebelled against the outrages of the tobacco trusts.

If the farmers who raise tobacco in the "dark district" were a unit on organization, lugs would now be selling at from \$10 to \$12 instead of \$7.85.

GOOD CONCERT.

"Blind Joe" Had Small But Appreciative Audience.

"Blind Joe" Mangum made his first appearance in private concert last night at the Eagles' headquarters, playing to a small but select and appreciative audience.

There were many ladies in attendance and the concert was one of the best ever heard in the city. He played a mixed program assisted by Mrs. P. H. Stewart, accompanist. Attorney Tom Harrison, a member of the Eagle order, made a short speech during an intermission, welcoming the ladies to the lodge rooms.

Blind Joe has several anthems and musical compositions of various classes which he will have written by Mr. H. Miller Cunningham, the composer-publisher, and his stuff will be put on the market.

WANT 2500 MEMBERS

KNIGHTS OF PYTHIAS TO INAUGURATE A CAMPAIGN.

The State Has Been Divided Into Fifteen Divisions and New Deputies Appointed.

Plans for an extensive campaign were formulated at a meeting of the officers of the Grand Lodge of Pythians, and committees from each of the five lodges in Louisville at Louisville and it is announced that the membership of 1,000 will be doubled and that five new lodges will be formed by July 1.

The state has been divided into fifteen districts, and the deputies, whose names were announced by the Grand Chancellor, will meet in Louisville the last of this month, when a mass-meeting of members will take place. They hope to get 2,500 new members by July 1.

The new deputies as announced are: C. F. Saunders, Franklin; A. C. Byers, Henderson; R. L. Johnston, Clinton; Charles May, Sr., Cloverport; R. A. Irwin, Somerset; S. A. Lovelace, London; E. C. Rogers, Nicholasville; A. C. Kouns, Ashland; Aubrey Barbour, Newport; S. G. Cottle, West Liberty; M. C. Bayne, Vanceburg; G. C. Carner, Latonia; J. W. Cammack, Owenton; B. P. Gray, Louisville.

Paducah Lodge, K. of P., is to make an effort to get 100 new members, beginning at once. The initiation work will take place about the last of February, from present indications, and will probably be at the Kentucky theatre under the supervision of a crack drill team from Clay lodge, Louisville.

The indications are that the Knights of Pythias will easily get the number of new members it desires.

CHINESE NEW YEAR

IT WILL COME THIS TIME ON
WEDNESDAY, JANUARY 24.

There Will Be No Celebration by Paducah Chinamen. It Is Announced.

The Chinese New Year will come on January 24th, according to local Chinamen. Usually it comes about a month later, and it is not known how it comes to arrive sooner than usual this time, at least it could not be found out why.

A local sage from the Flowery Kingdom, who was asked about it today, said that their New Year comes January 24th. He first went back to a peculiar thing, doubtless intended for a calendar, looked at it intently, counted and mumbled, and then came back and said, "New Year elum Janjary 24th—two weeks from today."

He didn't know why, or anything else, except that it comes then, and will be observed then by the local colony in their own peculiar way.

There will be no celebration here. There are only a few Chinamen in Paducah now, and it has never been the custom to have anything elaborate in Paducah in commemoration of the anniversary.

Once, several years ago, there was a big celebration, but it was the first and last. The Chinamen usually observe it by taking a vacation, and eating delicacies imported from their native country.

The prompt payment of water rents will save vexation and cost to the consumer, and unpleasant duties and annoyance to the company.

GRONER'S

The Adventurers

By H. B. MARRIOTT WATSON

COPYRIGHT, 1898, BY HARPER & BROTHERS

(Continued From Yesterday.)

Sercombe kept his appointment with commendable punctuality, entering our council chamber, if I may so describe the smaller of the halls in which we usually sat, with the faintness of his morning's encounter. Lunch was but newly over, and I felt myself descend in Montgomery's eyes when I offered the captain a glass of wine. He took it airily, even with a kind of rude grace, which sometimes characterized him, and nodded us a good health, plunging at once into the matter of his visit.

"You will excuse me, gentlemen. I am spare little time today. You will understand that I am very busy," said I with a twinkling eye. "But we must needs oblige a friend, and I am here over a dusty road to meet you."

"We are gravely indebted to you," said I ceremoniously. "But I must point out that this point touches you as much as, if not more than, it affects us."

"We have shed no blood," said the captain emphatically, settling back for argument.

"It is not your fault, then," I retorted, "and, in any case, what blood was shed was spilled in self-defense in repelling an illegal assault upon our persons and our property."

"You would find it difficult to prove that in a court of law," says he, casting his eye at me.

"I thought we were agreed to leave the law alone," said I.

"Unhappy," observed Sercombe, with a laugh, "the law won't leave us alone."

"Oh, come," said I impatiently. "We are confined to this, Captain Sercombe. Are you prepared to help us? You yourself say that the law is not to be used upon the proper offenders and hence you say to shift for yourselves."

"And what about the treasure, my friend?" asked the captain, with an eye.

"I know nothing of any treasure," I remarked calmly, "nor does either of my friends here. Presumably an attack was made upon the castle for the purpose of burglary, and I can conceive that my silver only was aimed at."

"I think that will suffice to explain the cowardly attack of some ruffianly forgers," said the captain, with an eye. "I think the Raymond police will easily understand that."

Sercombe looked somewhat blank, but in a moment resumed his cheerful mien. "Quite so, and, as such a course would benefit to one, we are to combine forces against a common enemy. Well, fire ahead!"

At this moment an interruption came through the entrance of the hall with the announcement of some visitors at the door. We all stared at one another.

"Who are they?" I demanded.

But the girl, being raw and unsophisticated, had not inquired their names. They were, however, gentlemen, and there was a policeman with them. This was enough for us, and an uncomfortable silence fell on us. Sercombe raised his eyebrows and sneaked in his lips slyly.

"Have 'em in," said Sheppard. I looked dubious, and had no plan of action between us. "It is far wiser," urged Sheppard. "Don't give it to elaborate an appearance." And, turning, he gave the order to the maid.

I was still doubting and Sercombe was regarding Sheppard with a certain grave interest when the maid returned, ushering in an important looking old gentleman with a very ceremonious manner and a man whom I took to be a sergeant in plain clothes.

"Mr. Grentorex?" asked the old gentleman, with heavy courtesy.

I bowed. "That's my name," I replied. "I suppose you have come upon this business of last night?"

"Yes, sir," said he, signaling to the sergeant, who forthwith pulled out a notebook. "It looks a bad thing for the

phased my satisfaction in receiving so distinguished and so famous a justice, who would soon dissipate the mists of suspicion and mystery with which this singular affair was involved.

This address set the old gentleman upon his legs, metaphorically speaking, and forthwith he plunged into the depths.

"This party, I understand, Mr. Grentorex," said he, "attacked you early this morning?"

"About 3 o'clock," I answered. He commended the reply to the sergeant, who scribbled in his book.

"And you may reason to fear this assault was intended?"

I hesitated. "Well, to say the truth," I replied, "we were not wholly without some suspicions."

"I may take it upon myself to say, sir," suddenly broke in the captain, "that it was I that first put the suspicion into Mr. Grentorex's head."

He looked at me as if inviting my corroboration, and a twinkle glistened in the rascal's eye.

"That is true," said I gravely. "Captain Sercombe is entirely responsible for my suspicions."

The ambiguity of the phrase tickled us both, and a smile was very privately exchanged between us.

"May I ask, Captain Sercombe," said the old gentleman politely, recognizing this importation with a bow, "what reasons you had for supposing your castle would be attacked in this extraordinary way, and whether you have any clue to the offenders?"

The captain lolled back in his chair and stroked his red mustache. "I used my eyes, colonel. I have lived a simple life, sir. And when I see a fact I record it. That's a hint which is of use in your profession, as I make no doubt you know well enough," he said courteously. "This affair of the attack is a bad business; there's no denying that. But it might have been worse. No lives were lost, you see." And he glanced out of his eagle-eyed eyes at Sheppard.

"No; we must be thankful for that," observed the justice heartily. "But do I understand you that you had indeed actual evidence that the burglary was planned?"

"I can add two to two, colonel, and make them four," says Sercombe, seeming to be very eloquent. "And, staying by accident in the same neighborhood with my friend Grentorex, I put it point on his wits. That was all. I make no claim to extra smartness, but when I see a number of lazy-looking gypsies about, there's no good promised, according to my notions."

"You are right; you are right," agreed the justice. But here the sergeant struck in for the first time, casting a glance from sharp, bendy eyes on the captain.

"Where were these gypsies, sir?"

We all looked at Sercombe, who showed not the least discomfiture, but bit the tip of an cigar.

"I trust I have your permission, Grentorex?" said he. "The gypsies, sir, are encamped at the bottom of the valley; have been so, indeed, for a week."

I was astonished at the man's audacity. He had actually revealed the secret of his nest of cutthroats. The sergeant turned the pages of his notebook.

"The man Williams, examined this morning, states that one of the men, seen closely, looked like a foreigner—dark, stonish; glowered in glubberish." He repeated the evidence monotonously.

Catarrhal Gastritis

"For two years I was in a very bad condition. I was treated by a number of eminent physicians for chronic catarrhal gastritis and dilatation of the stomach, and obtained no relief. I grew gradually worse, my breathing was so difficult at times that I thought I would die. My heart was in very bad condition from poor circulation and pressure of the dilated stomach. I decided it was only a matter of a very short time with me. I was advised to try Dr. Miles' Nervine and Heart Cure, and before I had finished taking one bottle of the medicine I felt like a new being. I took eight bottles of the medicine, and am entirely cured, for a matter of about \$8.00 in the face of two hundreds spent in the two years before without relief."

A. D. SLACK, Master Mechanic of the L. & G. N. R. R., San Antonio, Texas.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund the money.

Sercombe, pulling at his cigar, nodded. "That bears out my belief," he said. "Precisely—I thought so."

Colonel Landell turned to the sergeant. "This is important, Jones," he said. "You'd better attend to it at once. But one question more, Mr. Grentorex. Would you be able to identify any one of your assailants?"

"I fear not," I said. "You must remember that it was quite dark."

"Nor you, sir, I suppose?" he added, looking at Sheppard.

Sheppard shook his head doubtfully. "We were engaged in a pell-mell struggle. The utmost I saw was the outlines of the men, but I can recall that one looked very like my friend Captain Sercombe—that is to say, in the dark."

Sercombe laughed. "My dear fellow, I wish I had been there. I'm sorry I missed it. But I shall have better luck another time, if I stick to Sergeant Jones."

The officer smiled without emotion, and the colonel put his question formally to Montgomery, who promptly returned a negative. Landell moved toward the door, but suddenly the police officer touched him on the shoulder and whispered in his ear, then faced us again.

"It was lucky you had that meat filled and the drawbridge up, sir. What made you take those precautions?" he demanded.

"We were forewarned, as you have heard," I answered.

He referred to his notes. "Was the warning sufficiently urgent to induce you to go to that trouble?" he asked slowly.

"You can judge for yourself, if we went to the trouble," I returned sharply.

Imperturbably he repeated his question again. "What were the terms of the warning?"

The dam took me aback, and, moreover, I was a little angry at this impudent inquiry, but before I could arrest my thoughts for a reply Sercombe intervened.

"I can recollect what I said very well," he said, taking the cigar from his mouth. "It interests you, sergeant. I said: 'Grentorex, there's a number of very indifferent looking scoundrels down the valley. You have some valuable plate, and this is a lonely spot. Moreover, I saw a couple of them hanging furtively about the plantations as I came up. Now, I've never seen a most full nor a drawbridge work, and if I were you and you were me, I fancy this ditch would be filled and the bridge hung up for my satisfaction and your education and for the confusion of any nefarious scoundrel with a big jaw.' These were the exact words, as I happen to remember, in which I introduced the subject, as Mr. Grentorex will no doubt recall, though he is not likely to have the terms on his tongue, like myself. But that, I reckon, is what started it." And with this Sercombe replaced his cigar between his teeth and went on smoking tranquilly.

The sergeant thanked him, frowning in some embarrassment; then he turned on his heel and, saluting to the company, vanished after his superior through the doorway.

Sercombe got up. "Well, we can break up now, gentlemen," he said. "Sorry to interrupt harmony, but I've got business to do."

"I am greatly obliged to you," I said, somewhat sheepily.

"You're very welcome," says the captain, with a wide smile.

"But what about the gypsies?" I continued.

"Oh, I suppose the police will catch them," he remarked, his grin growing broader. "But, you see, none of you would be able to recognize them."

Sheppard burst into laughter, and I was fain to follow him, but Montgomery stared in amazement and with a certain latent dislike at the adventurer, pursuing him out into the courtyard with his steadfast eyes.

WILL MAKE UP MONEY FOR FOSTER MONUMENT.

Movement Started in Louisville and Is Meeting With the Desired Success.

The Commercial club is in receipt of a communication from the Louisville Commercial club asking its cooperation in the efforts made by the Louisville club to raise the necessary funds for a memorial to Stephen Collins Foster, the author of "My Old Kentucky Home." The memorial is to be in the form of a statue to cost, with all incidental expenses, \$6,000. It is to be done by Miss Vandell, to be unveiled in Louisville on "Foster Day," during "Home Coming Week," later to be cast in bronze and to be placed in the new capitol in Frankfort.

It has been decided to ask the school children of the state to contribute the funds necessary for the making of the statue and contributions, no matter how small, will be accepted. Prof. James H. Fuqua, Sr., the state superintendent of public instruction, has given his approval of the plan and has authorized school teachers to take up collections among their pupils.

Prof. G. H. Mark, superintendent of the Louisville public schools, is chairman of the Foster Memorial Fund committee and Joshua Powers, president of the United States Trust Co. of Louisville, is treasurer of the fund.

Pleasant and Most Effective.

T. J. Chambers, Ed. Vindicator, Liberty, Texas, writes Dec. 25, 1902:

WILL NOT RELENT.

Judge Lightfoot Does Not Believe in Letting Prisoners Off.

County Judge R. T. Lightfoot has refused to suspend judgment in the case of Ben Lindsey, a white man who was over a month ago given six months in the county jail for refusing to support his wife and children. Lindsey's wife and others have implored the judge to suspend judgment and have Lindsey released, but Judge Lightfoot does not believe it would be to the interest of either the family or the community to comply. He thinks that if Lindsey is not willing to support his family at the expiration of the six months, it will be because he prefers to go back to jail for another six months. In the meantime Judge Lightfoot will show shiftless fathers that he means business and will make a man serve his full term for non-support of his family, and it is apparently having a good effect on this class of men.

BOARD OF WORKS.

Will Have Little of Interest Outside of Routine Business.

The board of public works will meet this afternoon in regular session but will not have a great deal to do.

The markethouse bench and stall rentals will come before the board for ratification. Every stall and bench has been taken and if there were more the board could rent them also, the applications exceeding the number of benches by a great many.

The treasurer and auditor have finished compiling a report of the rentals and this will be presented to the board for ratification this afternoon.

The board will issue direction to Street Inspector Alonzo Elliott for the work to be done this winter and also to other departments under its supervision.

Other routine work will be gone over, but nothing of great importance is said to be ready for the board.

Wilford Timmons, of Eighth and Campbell streets, who drives a delivery wagon for Pat Lally, was hurt in an unusual manner yesterday afternoon at 10th and Trimble streets. He had driven up in the wagon and as he jumped out a hook in a post outside used for hanging out meat caught him under the left eye and badly lacerated the skin both above and below the eye, but fortunately barely touched the eye-ball. Cure every kidney ill.

B. C. Jones, of Newbern, Livingston county, Ky., writes: "I had backache for seven years and I sought for a long time something to check the excessive flow of the kidney secretions but found no relief. I was weak, had the backache all day and night for forty years. I could not sleep well and was about giving up all hope of ever being relieved for I had consulted doctors and tried everything I could get hold of. When I first saw your advertisement in one of the papers I concluded to try Doan's Kidney Pills, and I got a supply. I found to my joy that they gave me great relief. I was entirely freed from pain and also from the irregularities which had annoyed me so much. That was over five months ago, and I have not had a headache since, although I had suffered in this way since I was a small boy. I have recommended the pills to fifty different persons, some of them in Paducah, and a great many have reported to me the good results they have derived from using them."

FELONY CASES IN THE POLICE COURT

J. T. Norfleet, Alleged Forger, Was Held to Answer.

Other Cases Not Decided—Alleged Robbery Case Was Left Open.

NEWS OF THE OTHER COURTS

Police Judge D. L. Sanders held a lengthy session of police court this morning. The docket was interspersed with felony cases and much evidence prolonged the session of court.

J. T. Norfleet, white, charged with forging the name of Miss Jennie Cowser, white, formerly of Carversville, Ky., to an instrument of writing with intent to defraud, was held over under a \$300 bond.

The evidence showed that the young lady, who is keeping house for a family on the South Side, had been approached by Norfleet who attempted to get her to go to Carversville with him, and secure money she had there which her father was keeping. She swore that she did not sign any of the checks which Norfleet had passed.

Norfleet was not introduced and at the conclusion of the commonwealth's evidence the defendant was held. His attorney, Hon. Hal S. Corbett, tried to demur the warrant out of court on a technicality. Norfleet was tried on one check passed on Mr. Frank Rodfus, the grocer, and there are other checks to come yet and warrants will be issued for each.

One important bit of testimony was given by one of the Garnett Bros., furniture dealers, who was called by the defense. He swore that Norfleet had brought in a check on the First National bank of Carversville and he advanced \$5 on it. Later he found it was worthless and told Norfleet so. Norfleet went out and secured a note pretending it to come from Miss Cowser, but when the young lady was called, she denied she had signed either the check or note and paid over the amount of money advanced rather than have her name connected with Norfleet's in anyway.

Prentice Campbell, colored, who cut Charles Barber, white, in Rowlandtown more than a year ago, was held over for malicious cutting.

Bernard Schulke, white, who was arrested by Cairo officers at Cairo after he had been traced from several cities by Officers Hurley and Singery, was arraigned on two warrants, one charging obtaining money by false pretenses, and another charging obtaining board fraudulently. He gave checks, it is alleged, to B. Weille for clothes and to Mrs. Nance, his landlady, for board. Both checks were worthless, it is said. The case was continued until Monday.

Schulke was warmly complimented for the dignified and artistic manner in which he tied the knot.

At press time the case of Noah Cathey, through his father, J. N. Cathey, against E. Rehkopf, was still on trial.

The case was started yesterday afternoon and a great deal of evidence is being heard, many being expert witnesses on machinery, etc. The boy was injured at the collar factory in a shaft and the case is being laid out on both sides. The boy sues for \$10,000 damages for personal injuries. The case will not be finished today, it is said. Judge D. G. Park is sitting as a special judge.

The verdict yesterday in favor of the Citizens' Savings bank was no surprise. C. W. Hoswell, of Mayfield, sued the bank for money it had paid out on check to the company that had it on deposit. He had lost money in speculation and sued the Paducah Commission company, and received a judgment. He attempted to attach money in the Citizens' bank belonging to the company against which he had a judgment, but there was no money deposited to the credit of the company named in the attachment, hence the attachment was no good. Hoswell then sued the bank to hold it responsible but the bank easily showed that the money was deposited in a different name from that in the attachment, and that it could not have legally held it on the attachment.

The demurrer to the petition in the case of J. T. Polk against the Paducah Packing company was sustained which throws the case out of court. In the case of C. W. Hoswell against the Citizens' Savings bank of this city for \$3,000, the plaintiff filed a motion with reasons, for a new trial. The jury yesterday afternoon decided the case in favor of the defendant, the bank.

In the case of J. T. Holt against Edward J. Pettie, a judgment for \$137.14 was filed. This is on a warranty deed.

Justice Bleich's First Wedding. Justice of the Peace John J. Bleich, who took his seat January 1, yesterday afternoon performed his first wedding ceremony. Lawrence Pearson and Miss Anne Tucker, of Armistead, Ill., were the happy young people. They came to Paducah to wed and after procuring a license went to the magistrate's office and gave him an opportunity to perform his first wedding ceremony. Justice Bleich's first wedding.

Dr. Dorris has made a motion for a new trial in the damage suit at Wickliffe in which a verdict was returned against him for \$1,000 in favor of Miss Lula Warford last Saturday for alleged malpractice, and the court will hear arguments on the motion tomorrow. Attorney Hal Corbett or Judge R. T. Lightfoot will go down to represent Miss Warford. She asked damages for the alleged acting of a broken arm wrong.

Stole Sled From Prof. McBrooni's Son.

Prof. Geo. O. McBrooni made complaint today against a boy who stole his son's sled yesterday. The little fellow was sleighing and the boy asked for the loan of the sled for a few moments and walked off with it. It was the last seen of it.

Has Tube of Mysterious Mixture. A negro found a glass tube about eight inches long and one inch in diameter a few days ago which was full of a light liquid and left it at Iverson and Blythe's drug store, Winstead's old stand, for a claimant.

Dr. W. C. Eubanks, noticing it asked for it and brought it down to his office to find out just what the liquid was, not knowing. Some one told him it was nitro-glycerine and he was then anxious to return it for if it is there is enough of the explosive in the tube to blow up the entire city of Paducah. Dr. Eubanks was planning to take it around to the city hall to have a little fun at the expense of Chief Collins when seen by a Sun representative today.

Bankruptcy Case. A petition was filed today in the bankrupt matter of M. Schwab asking for a distribution of 10 per cent.

Mr. Gray formerly was subject to these attacks and had to quit bridge carpentering and house work on this account. He had not had an attack in ten years until yesterday when it attacked him again. He fell on the pavement and was picked up and taken to the city hall where medicine was administered. He was later taken home and is all right today. He will be out tomorrow it is thought.

MAY BE MURDERER.

Police Have a Negro Believed to Be George Jenkins.

"Iud Hallinger," colored, who has been working about Paducah for sometime, was held over this morning to circuit court on the charge of petty larceny, the theft of \$1.25 from Lizzie Jenkins, colored, who sent him to Capt. Hale's residence for this amount and he failed to give it to her, alleging he had not collected it.

In the catch the police believe they have a man wanted for murder. They believe him to be George Jenkins, wanted at Tunica, Miss., for the murder of Herbert Clifton at Hanks Station, Tunica county, Miss., November 20, 1903. He answers the description the police hold here of the fugitive and there is a total reward of \$1,300 offered by the state and relatives of the murdered man for his arrest.

While the defendant is serving in jail here the police will investigate the case. Officer Emil Gougeon arrested the man and noticed the resemblance to the picture of the fugitive. The prisoner denies that he is the man wanted in Mississippi.

MANY CHANGES

Are Made By Baseball League—Players Who "Jump" Are Out.

By the action of the National Association of Professional Baseball league, of which the Klity is a member, at Chicago yesterday, the power of the executive board to reinstate "jumping" players was revoked and hereafter any player who "jumps" will be blacklisted permanently by that act without further action. Each league will fix its own maximum salary limit. Other acts aim to minimize the practice of "farming out" players. Hereafter all drafted players must be paid for in full at the time of the selection. Leagues of one class are also restricted from drafting more than two players from a league below them.
